

Bluebird

Cast

This is not how it was meant to be
All the plans I'd made for you and me
There's a bluebird sittin' on a branch
I'm gonna ask her when I get the chance

Put our differences aside
See ourselves in a different light
Reaching out across the great divide

Now, now, children don't be scared
Of all the dreaded stories you have heard
Flyin' high, free as a bird
