

What is it that pulls you to and fro
Between the near and the far
The light and the dark
What it it that makes you swing between the hopes and fears
In your life
Sunset sunrise
Sunset sunrise

You've got to go now, you've got to go
You've got to go
And you need to know no you need to know

You need some clues ??????? and follow signs that you've left b
ehind
Universe size(?)
Inbetween the thoughts of each day, the lies bring relief
A truth and belief, your belief

And you need to run now, you need to run,
You need to run
It ain't been much fun, ain't been much fun, it aint been much
fun

Leave it all behind, leave it all behind

What is it that turns you on and takes you to the places you kn
ow
Like the water that flows
Where you go and what you do and who you are
It's all in your mind
You look and you find
What did you find

And you hear the call now, you hear the call
You hear the call
Deep in your soul, deep in your soul, deep in your soul
And I hear it call now, I hear it call, I hear it call
Deep in your soul, deep in your soul, deep in your soul
In your soul
