

# How Can We Lose

## Cast

Something to do or say  
Something to pass the time  
Some things we feel the same  
Always there to remind  
I'm talking about the world  
Thinking what it is worth  
Hoping that it can find  
A voice so that it is heard

And there's a beautiful device  
A musical delight

How can we lose  
How can we lose  
How can we lose  
How can we lose  
How can we lose  
How can we lose

Some things we keep inside  
Some things we're glad to hide  
Sometimes we turn away  
Afraid of what we may find

And there's a beautiful device  
A musical delight

How can we lose  
How can we lose  
How can we lose  
How can we lose  
How can we lose  
How can we lose

And there's a beautiful device  
A musical delight

How can we lose  
How can we lose  
How can we lose  
How can we lose  
How can we lose  
How can we lose  
How can we lose  
How can we lose  
How can we lose  
And how can we lose  
And how can we lose  
How can we lose

How can we lose  
How can we lose  
How can we lose
