There's just the two of me Alone at last together We've got the luck so far We are my lucky star Deep in the heart of me I love every part of me All I can see in me Is the danger and ecstasy One thing there couldn't be Is any more me in me This is the me of me Me me me! Me me Me me me Me me me I am my destiny. Je croirai toujours en moi. Ha ha ha I'd never lie to me. I'd be willing to die for moi. I'll pray every day to me. And here's what I'd says to me This is the me of me Me me me! Me Ohh me me Me me me Ohhhh me me Look at me Moi Moi
