

Roar

Cast

My heart it flutters on the breeze

Try to remember how it felt the first time in your life
Before the feeling vanished and fades before your eyes
Like paper blowing in the wind
My heart of flutters on the breeze
If one day I learn to swim
Right across the seven seas

Catch a teardrop in a cup that fell from high above
In the shifting desert sands crumble in my hand
If you felt this way before let me hear you

Let me hear you roar, roar
Let me hear you roar
Let me hear you roar, roar
Let me hear you roar
Let me hear you roar

Can you imagine how it felt when we were running wild
Free and wild
Some better place where we could leave our suffering behind
Like paper blowing in the wind
My heart it flutters on the breeze
If one day I learn to swim
Right across the seven seas

Catch a teardrop in a cup that fell from high above
In the shifting desert sands crumble in my hand
If you felt this way before let me hear you

Let me hear you roar, roar
Let me hear you roar
Let me hear you roar, roar
Let me hear you roar
Let me hear you roar

Like paper blowing in the wind
My heart it flutters on the breeze
If one day I learn to swim
Right across the seven seas

Catch a teardrop in a cup that fell from high above
In the shifting desert sands crumble in my hand
If you felt this way before let me hear you

Let me hear you roar, roar
Let me hear you roar
Let me hear you roar, roar
Let me hear you roar
Let me hear you roar, roar
Let me hear you roar
Let me hear you roar, roar
Let me hear you roar
Let me hear you roar

Let me hear you roar

My heart it flutters on the breeze
