

Teardrops

Cast

Only time, time will tell
I threw a coin into the wishing well
Maybe one day all your hopes you'll find
Fortune smiles down upon you
Fortune, won't you smile on me?
I took a leap of faith but I'm in too deep
My poor heart trembles like a leaf
The earth, it quakes

Just another teardrop from the eye of the world
Crying like a river running through my heart
I would stay forever with you, just a while
The world awaits for love to break the spell

Like a whisper on a breeze
It gently blows the blossom down from the trees
Maybe one day you'll come back to me
Back to me one day soon
I've been searching all my life
Suddenly I've come to realize
There ain't nothing in this world to find
That you can't give to me

It's just another teardrop from the eye of the world
Crying like a river running through my heart
I would stay forever with you, just a while
The world awaits for love to break the spell

A teardrop from your eye
Is like an ocean falling through an endless sky
So blue and deep
Like a river flows

Just another teardrop from the eye of the world
Crying like a river running through my heart
I would stay forever with you, just a while
The world awaits for love to break the spell

Just another teardrop from the eye of the world
Crying like a river running through my heart
I would stay forever with you, just a while
Knowing that we'd never have to be apart

Just another teardrop from the eye of the world
A teardrop from your eye
Crying like a river running through my heart
Is like an ocean falling through an endless sky
I would stay forever with you, just a while
So blue and deep
Knowing that we'd never have to be apart
Like a river, forever running out to sea

Just another teardrop from the eye of the world
A keepsake to remind
Crying like a river running through my heart
That only love can, only love can turn the tide
I would stay forever with you, just a while

A teardrop from your eye

Love breaks the spell
