

Shadow Valley

Castanets

Going into the city,
With my baby,
And I don't want to fight,
Into the city with my baby.
And I don't want to fight.

Long as I have lived,
I've wanted to die,
Long as I've loved you,
I've (been?) saying goodbye,
It's okay to die,
It's okay to die.

I swear I _____ last night,
Sounding just like thunder.
I swear I _____ last night,
Sounding just like gunshots,
Gunshots in the night.

Going into the city,
And I don't want to fight,
Into the city, with my baby,
And I don't want to fight,
It's alright.
