## Casting Crowns

Since God will be my Shepherd  
Oh, I won't need a thing  
He leads the way before me  
Restores my soul to sing  
You lift my head from sorrow  
And turn my mourning into joy

So I won't fear what evil brings  
For You are with me  
And You lay my anxious heart to rest  
When I am with You

Oh, even through the valley  
Oh, You are holding me  
Your beauty is overflowing  
Your face is all I see  
You lift my head from sorrow  
And turn my mourning into joy

So I won't fear what evil brings  
For You are with me  
You lay my anxious heart to rest  
When I am with You

I am home in the house of God  
Yes, I'm home  
I am home in the house of God  
Yes, I'm home  
I am home in the house of God  
Yes, I'm home  
I am home in the house of God  
Yes, I'm home

So I won't fear what evil brings  
For You are with me  
You lay my anxious heart to rest  
When I am with You
