

# false hope

Cat Burns

I tried to call a few times  
You picked up one or two times  
Enough to keep me on the line  
I don't know your intentions  
I still want your attention  
Do I cross your mind like you do mine?

You know with one word you could get me to stay  
Don't always feel that way

So where do we go?  
I've been dying to know  
Sometimes you're far away then sometimes you're so close  
If you want me to go  
Then how can I know  
When you're giving me false hope?

Do-do-do-do-do-do-do-do  
Do-do-do-do-do-do-do-do  
Do-do-do-do-do-do-do-do-do

I know what I envision  
My life with you in it  
But I still need you to decide  
You're so in and out  
You come and you go (Come and you go)  
You take what you want  
And leave what you don't  
But I don't move like you do

You know with one word you could get me to stay  
So say it to my face

So where do we go?  
I've been dying to know  
Sometimes you're far away then sometimes you're so close  
If you want me to go  
Then how can I know  
When you're giving me false hope?

Do-do-do-do-do-do-do-do  
Do-do-do-do-do-do-do-do  
Do-do-do-do-do-do-do-do-do

Do-do-do-do-do-do-do-do  
Do-do-do-do-do-do-do-do  
Do-do-do-do-do-do-do-do-do

You know with one word you could get me to stay  
So say it to my face

So where do we go?  
I've been dying to know  
Sometimes you're far away yet sometimes you're so close  
If you want me to go  
Then how can I know  
When you're giving me false hope?
