

Fool in Love

Cat Burns

The last time we spoke
You said it was done
That you'd had enough but now you're claiming I'm the one
So what's changed?
So what's changed? Cause
The last time we spoke
I thought it was done
I cried out all my tears and I've been tryna move on
So what's changed?
So what's changed?

You can't just have me when you want me (Want me)
It ain't a game when it's my feelings (Feelings)
You always come back when I'm healing (Healing, healing, healing)
To fuck me up again

I guess I'm just a fool in love
Fool in love
Fool in love with you
I guess I'm just a fool in love
Fool in love
With all the things you do
It's like it's 10 steps forwards and it's 5 steps back
Cause you know once I'm with you all those feelings come back
I guess I'm just a fool in love
Fool in love
Fool in love with you
With you
With you
(With you, with you, with you)
(With you, with you)

See you just like the company
That's why you could never set me free
But God forbid I ever find someone new
I think to myself what would he do

You can't just have me when you want me (Want me)
It ain't a game when it's my feelings (Feelings)
You always come back when I'm healing (Healing)
To fuck me up again

I guess I'm just a fool in love
Fool in love
Fool in love with you
I guess I'm just a fool in love (I guess I'm just a fool)
Fool in love
With all the things you do
It's like it's 10 steps forwards and it's 5 steps back
Cause you know once I'm with you all those feelings come back (Those feelings come back)
I guess I'm just a fool in love (Guess I'm just a fool)
Fool in love (Guess I'm just a fool)
Fool in love with you
With you
With you

(10 steps forwards and it's 5 steps back)
Guess I'm just a fool, a fool, a fool
(Cause you know once I'm with you all those feelings come back)
Guess I'm just a fool, a fool, a fool

You can't just have me when you want me
It ain't a game when it's my feelings (My feelings)
You always come back when I'm healing (Oh, when I'm healing)
To fuck me up again

I guess I'm just a fool in love (Guess I'm just a fool)
Fool in love
Fool in love with you (Fool in love with you)
I guess I'm just a fool in love (I guess I'm just a fool)
Fool in love
With all the things you do
It's like it's 10 steps forwards and it's 5 steps back (10 steps forward)
Cause you know once I'm with you all those feelings come back
I guess I'm just a fool in love
Fool in love
Fool in love with you (Fool in love)
With you
With you

(With you, with you, with you)
Fool in love with you
(With you, with you, with you)
(With you, with you, with you)
Fool in love with you
(With you, with you, with you)
