

Fuckboy

Cat Burns

I knew this boy from Streatham named Ben
He was Peng
Played footie on the weekends always with his friends
He was known around town as the boy from South
Everybody knew his name
He was Instagram famous
Too many girls on his line
Would bring them round for the night
Then the next time he would hit decline
Next time he would hit decline

Cus guys like him only want one thing
Not what's within, just your legs open
Guys like him only want one thing, not what's within

Cus he's just a player and everybody knew it
He had so much charm
Made you think you were the one to change his ways
Made you go insane
He played you like a toy
He's just a Grade A fuck boy

Grade A fuck boy
Grade A fuck boy
Grade A fuck boy

I knew this boy from Balham named Callum
Proper arrogant
Thinks everybody wants a piece of him
Out every weekend meets new girls
Knows what to say just to bring them home
Played with their heart, oh he tore them apart
Felt no way and he's never gonna change
Felt no way and he's never gonna change
Felt no, felt no
(Never gonna change)

Cus guys like him only want one thing
Not what's within, just your legs open
Guys like him only want one thing, not what's within

Cus he's just a player and everybody knew it
He had so much charm
Made you think you were the one to change his ways
Made you go insane
He played you like a toy
He's just a Grade A fuck boy

Grade A fuck boy
Grade A fuck boy
Grade A fuck boy

So we all know a Jim who's always at the gym
Lifts weights bigger than him and no respect for women
Protein shakes on the daily
Probably chatting to a nice girl called Amy who calls him her baby
But he's just a party boy trying to live his life

Goes Ibiza every year and bangs a new girl every night
But he always has protection because he wants to do it right
And every ten seconds makes sure the girl is alright
Because underneath that shell there's a nice guy
Who's convinced he'll never find the right kind of girl
But he's got a big heart and he's got a big soul
But I guess we'll never know

Cus he's just a player and everybody knew it
He had so much charm
Made you think you were the one to change his ways
Made you go insane
He played you like a toy
He's just a Grade A fuck boy

Grade A fuck boy
Grade A fuck boy
Grade A fuck boy
