

It's Over

Cat Burns

You only text me when you're drunk
Well, I guess that's the only time you're ever willing to love
I think it's best if we don't speak
But we spend so much time together, I don't know if you can
I've been your go-to for so long
So I'll bear with you as you reshape your life without me in it
Know you're hurting
I hurt too
And yes I still care, even though I'm leaving you, but

This has been going on for too long
Don't know how else to say this, oh, but you
You ain't the one
And it's not fair on the both of us
And deep deep down I know you know that it's over
Ooh, it's over

Whenever I saw you, all we did was kiss
And I can't tell you how much I'll miss those soft lips
I'll reminisce about the good times that we had, mmm
'Cause you did nothing wrong
But for the long term, this won't work, ooh

This has been going on for too long
Don't know how else to say this, oh, but you
You ain't the one
And it's not fair on the both of us
And deep deep down I know you know that it's over
Ooh, it's over

This has been going on for too long
Don't know how else to say this, oh, but you
You ain't the one
And it's not fair on the both of us
And deep deep down I know you know
I know you know
