

Just Us

Cat Burns

I saw you in my dreams last night
And I felt the need to call you up
I've been trying to get you off my mind
Or maybe I just miss your voice

Slow your road
Don't get too gassed
I'm not yours
No feels
It's just us

I told you not to fall in love
I don't know what you see in me
You lot always fall so hard
But never mind, it's not that deep

Slow your road
Don't get too gassed
I'm not yours
No feels
It's just us

Let's keep it chill
It's just us
I'm just being real, cause I like it when
It's just us
No strings attached (attached)
It's just us
I just don't need the stress
No feels, it's just us

I don't mean to sound too harsh
I don't really wanna par you off
Part of me hopes I'll be yours
And I really want this to last

Slow your road
Don't get too gassed
I'm not yours
No feels
It's just us

Let's keep it chill
It's just us
I'm just being real, cause I like it when
It's just us
No strings attached (attached)
It's just us
I just don't need the stress
No feels, it's just us
(Us, us, us)

Maybe if you play your cards right
You can be the King and I can be Queen
I can be the melody and you'll be the beat
You'll be the beat
Only you and me

I'm hoping that you play your cards right
You can be the King and I can be Queen
I can be the melody and you'll be the beat
You'll be the beat
You'll be the beat

Let's keep it chill
It's just us
I'm just being real, cause I like it when
It's just us
No strings attached (attached)
It's just us
I just don't need the stress
No feels, it's just us
