La-la-la-la-lavender
La-la-la-la-lavender
La-la-la-la-lavender
La-la-la-la-lavender

I've been sleeping better
Doctors say have it everyday
Sure my mind feels lighter
'Cause this headache's gone away

It's strange and crazy to see
How much I've changed
Since taking this remedy
In ways that I can't believe
This flower laying next to me

She's so la-la-la-la-lavender
She's so la-la-la-la-lavender
The world could do with a little more of her
She's so la-la-la-la

So la-la-lavender
So la-la-lavender
So la-la-lavender
So la-la-lavender
So la-la-la-

I feel regulated
Even my skin feels softer too
Natural medication
Now my mood swings out of blue

It's strange and crazy to see
How much I've changed
Since taking this remedy
In ways that I can't believe
This flower laying next to me

She's so la-la-la-la-lavender
She's so la-la-la-la-lavender
The world could do with a little more of her
She's so la-la-la-la

So la-la-lavender
So la-la-lavender
So la-la-lavender
So la-la-lavender
So la-la-la-

I feel brighter
Life feels lighter
If you'd have told me months ago I'd call you a liar
Oh, I feel brighter
Life feels lighter
Now I can't imagine my life without her

She's so la-la-la-la-lavender

She's so la-la-la-la-lavender
The world could do with a little more of her
She's so la-la-la-la
So la-la-lavender
She's so la-la-la-la-lavender
She's so la-la-la-la-lavender
The world could do with a little more of her
She's so la-la-la-la
So la-la-lavender

So la-la-lavender
So la-la-lavender
So la-la-lavender
