

# Human Being

Cat Power

You've got a right  
You've got a right  
You've got a right, you're a human being

You're a human being  
You're a human being  
You're a human being

You've got a right to scream  
When the dark one's here to stay  
You've got a right to be  
What you want and where you wanna be

You've got a right to breathe  
To breathe  
You've got a right  
You're a human being

You've got your own voice so sing  
You've got two hands, let's go and make anything  
We all got rules we all have to break  
We all have to make those mistakes

When I say, I know the way, I'm only trying  
No don't nobody know where the road to life is really lying  
See the people on TV get shot in their very own street  
People just like you, people just like me

Can't you see you cut your hand on the advantages  
You could stand to manage your damages  
You, my dear, are a force to feed, not to fear

You've got a right to anywhere, anything  
You've got a right, you've got a right  
You're a human being

You've got a right to anywhere, anything  
You've got a right, you've got a right  
You're a human being

You're a human being  
You're a human being  
You're a human being

Got a right, got a right, got a right, got a right  
Got a right, got a right, got a right  
Got a right, got a right, got a right, got a right  
Got a right, you're a human being  
Got a right, got a right, got a right, got a right  
Got a right, got a right, human being  
Got a right, got a right, got a right, got a right  
Got a right, you're a human being
