No Sense

Do you remember Do you remember That night at context Making up shit Like we were animals

We made no sense No sense We had no sex

Can you see, can you see, can you see Can you see, can you see, can you see The moon is so hollow What's the use When I can see right through you What's the use

All the hearts that touch your cheek How they jump they move they embarrass All the hearts that touch your cheek How they jump they move they embarrass They make no sense, no sense, no sense No sense, we had no sex
