

## We Dance

Cat Power

There are no castrations here  
In a chair you will be with me

We dance, we dance  
No-one will dance  
With us

Jump, jump, jump, sing ...

They got some brazilian nuts  
For your engagements  
Check that expiration date, man  
It's later than you think

You can enjoy yourself  
I can enjoy myself  
You can enjoy yourself  
I can enjoy myself

Maybe we could dance together  
Maybe we could dance together  
But you know no-one will dance with us  
You know no-one dares to dance with us

This time I see you  
There will be  
Fine times for ever  
And you'll never get lost
