

## Killing Tool

Cataract

Bright headlines used as a calming injection. In the mirror of  
lies I see the reflection Of  
Buried thoughts and stolen freedom The absorbed struggle of the  
human race This killing  
Tool in this reign of control All the miseries of this rotten l  
ife In blood their baptised with  
Poisoned words Truth once so pure has been deleted And all curs  
e of history has been  
Neglected This killing tool in this reign of control Victims be  
come the worst enemies  
Their Lords and kings are now the weak The power of today's mas  
s media have an destructive  
Impact on our modern society. Manipulated headlines are being u  
sed as deadly weapons  
In warfare and propaganda is one of the leading forces of this  
war machinery. The abuse  
Of mass media to manipulate the opinions of millions of people  
is growing dramatic and is  
Well accepted as a part of this system. Of this failed system.
