

Burn

Catch Your Breath

Through the mess you left us all with
Let's watch it burn

Waste away
It's hard to just feel normal I can't
Stay away
These scars are all I know
So I'll just
Leave it out, leave it out
You won't listen
Leave it out, leave it out
Cause I'm
The one who's blind enough to swim through lies
Swim till I'm

Lost in a sea of faces
They all still know my name
But you'll be a memory
Cause I can't hear you calling

You give it up
Give it all you've got
You bleed it out like chemicals
You lit the match
You lit the match
Let's watch it burn
Can't wait for it
I won't crawl
Through the mess you left us all with
You lit the match
You lit the match
Let's watch it burn

Break away
What's wrong with being
Broken I can't
Waste away
These scars are all I got
So I'll just
Leave it out, leave it out
You won't listen
Leave it out, leave it out
Cause I'm
The one who's blind enough to swim through lies
Swim till I'm

Letting go again
Letting go again

You give it up
Give it all you've got
You bleed it out like chemicals
You lit the match
You lit the match
Let's watch it burn
Can't wait for it
I won't crawl

Through the mess you left us all with
You lit the match
You lit the match
Let's watch it burn

Let's watch it burn
Burn without me
Burn without me
Burn without me now
Burn without me
Burn without me
Burn without me now
Burn without me
Words about me
I'm letting go
Burn without me
Words about me
Letting go again

You give it up
Give it all you've got
You bleed it out like chemicals
You lit the match
You lit the match
Let's watch it burn
Can't wait for it
I won't crawl
Through the mess you left us all with
You lit the match
You lit the match
Let's watch it burn

Burn without me
Burn without me
I'm letting go!
Burn without me
Burn without me
I'm letting go!
