

# Congregation of Sorcerers

Cathedral

Born in the casket of society's decay  
On your knees to be rewarded with strife  
Grim opsesion in search of afterlife

Unification of the magical ones  
Congregation in far off skies

Conformist slaves, trapped in earth's cage  
Grave acceptance of plastic lies  
In the church of your brains demise

Unification of the magical ones  
Congregation in far off skies

Bone-made chariot, carry this lost soul  
Past the stars beyond lampblack skies  
To where the sorcerrers of life we'll find

Unification of the magical ones  
Congregation in far off skies
