

Cinderella

Catherine McGrath

Sort of feel like a Cinderella at the ball
Like I'm out of place, like I don't belong
Clock keeps saying that I gotta go home soon
Borrowed dress and everything to lose
I wouldn't be here if it wasn't for you
But I'm watching you dance with every other girl in the room

My heart just burns
And I wait my turn

What if tonight's our night?
What if we kiss just right?
What if we found what we were looking for in each others eyes?
What if it sets us free?
What if it's meant to be?
What if it's that easy?
What if the shoe fits me?

Couldn't count all the days and all of the nights
In the front of your car on the passenger side
Just singing all the words to our favourite songs
Then you'd say you can't find the one, you try and you try
But maybe tonight when you look in my eyes
You'll realize I've been here all along

I look back at you
And see dreams come true

What if tonight's our night?
What if we kiss just right?
What if we found what we were looking for in each others eyes?
What if it sets us free?
What if it's meant to be?
What if it's that easy?
What if the shoe fits me?

Tell me not to go
Don't you wanna know?
Don't you wanna know?

What if tonight's our night?
What if we kiss just right?
What if we found what we were looking for in each others eyes?
What if it sets us free?
What if it's meant to be?
What if it's that easy?
What if the shoe fits me?
