

# Dodged A Bullet

Catherine McGrath

You took my breath away sometimes  
But in the end you stole my light  
They say I got out just in time  
But I'm not sure they're right

If I dodged a bullet  
Why am I still hurting?  
I know you're a lost cause  
So why am I still searching?  
If I made a getaway  
Why do I still feel the pain?  
You still haunt me  
You still have me and you shouldn't  
If I dodged a bullet

It was us against the world some nights  
But you were hiding something dark inside  
You had secrets you were keeping  
And you left me with no reason  
Should thank God that I got out alive

But if I dodged a bullet  
Why am I still hurting?  
I know you're a lost cause  
So why am I still searching?  
If I made a getaway  
Why do I still feel the pain?  
You still haunt me  
You still have me and you shouldn't  
If I dodged a bullet, hey yeah  
Hey yeah

If I dodged a bullet  
Why do I have these scars?  
If you gave back all the pictures  
Why do you still have my heart?

If I dodged a bullet  
Why am I still hurting?  
I know you're a lost cause  
So why am I still searching?  
If I made a getaway  
Why do I still feel the same?  
I still love you  
God, I wish I could undo it  
But you still haunt me  
You still have me and you shouldn't  
If I dodged a bullet, hey yeah  
If I, if I dodged a bullet, hey yeah  
If I, if I dodged a bullet, hey yeah

If I, if I dodged a bullet  
If I dodged a bullet
