

Ma Solituda

Catherine Wheel

sleep don't weep
throw your arms together
slide don't lie
we always stick together

start the day
in a cold December way
feel what's new
it's December through and through

ma solituda sinks confusion
ma solituda sinks confusion
ma solituda sinks confusion
I fell down

sleep don't weep
throw your arms together
slide don't lie
we always stick together

start the day
in a cold December way
end this day
in a stream of celebration

ma solituda sinks confusion
ma solituda sinks confusion
I fell down
I fell down

December never ends, December
ma solituda sinks confusion
ma solituda sinks confusion
ma solituda sinks confusion
I fell down, I fell down
