

## Painful Thing

Catherine Wheel

Bury myself on a bed of nails  
Killing myself cause it never fails  
With you  
I've gotta get all of you  
I've gotta get all of you  
I only want all of you  
I've gotta get all of you  
Always goad ???  
You never try  
I wish you would  
I don't know why  
Understand the need to rush  
Am I wanting far too much  
Killing myself on a foolish dream  
Killing myself cause I want to be with you  
I've gotta get all of you  
I've gotta get all of you  
I only want all of you  
I've gotta get all of you  
I've gotta get all of you  
I've gotta get all of you  
I only want all of you  
I've gotta get all of you
