

## Denigration Makes John Doe Angry

Catherine

each time you open your mouth,  
i want to rip your heart out.  
each word you say to me,  
is designed to make me hate myself  
worse i have ever hated you.  
with you the scene is a battlefield,  
death to all who dont look like you.  
with you the scene is a war,  
but you wear a uniform too.  
you say that were face.  
you say that were talentless,  
but you dance just the same.  
you are a coward, you dont want a unity all you want is uniform  
ity.  
so much for your claims of acceptance and brotherhood.  
you are a heartless snake.  
i hope one day you face your vision  
and it destroys you,  
like the dream you claim to embrace.  
i hope one day your scene destroys you.
