

# Change Will Come

Cathy Dennis

I know that I'm out of place  
But I know you're just wasting time  
Your life is your own to waste  
But I won't have you wasting mine

Change will come  
If you believe  
Change will come  
Do you hear me

Everybody's sayin' change will come  
Change will come  
What good is the quick escape  
When the problem is here inside  
Life can be a better place  
If you'll only believe in time

Change will come  
Through you and me  
Yeah  
Change will come  
Do you hear me

Everybody's sayin' change will come  
Change will come  
I'm sayin' change will come  
Ooh yeah yeah yeah yeah yeah yeah

I'm sayin' change will come  
The future's calling  
Reaching out to give you a hand  
So don't say you're falling  
When destiny's awaiting your plan

Oh yeah  
Say it  
Change  
Everybody's sayin'  
Ooh yeah yeah yeah yeah yeah yeah  
I'm sayin'  
Change will come  
Everybody's sayin'  
I'm sayin'  
Change will come

Ooh yeah yeah yeah yeah yeah yeah  
Sayayayay it say it  
I'm sayin'  
Change will come

Change  
Change will come  
Sayayayay it say it  
Ooh yeah yeah yeah yeah yeah  
I'm sayin'  
Change will come
