

# For Your Love

Cathy Dennis

When you're around  
I feel completeness baby  
I'm up in the clouds  
Just dreaming about you baby

I'd give a lifetime  
For your love  
I'd make the stars shine  
For your love  
I'd look to heaven  
For your love  
I'd wait forever

For your love I'd be an angel  
I'd move the sky for you  
For your love  
I'd live in danger  
I'd hide them from the truth

You turn me around  
You're all I need my baby  
Heaven is found  
Just thinking about you baby

I'd give a lifetime  
For your love  
I'd make the stars shine  
For your love  
I'd look to heaven  
For your love  
I'd wait forever

For your love  
I'd be an angel  
I'd move the sky for you  
For your love  
I'd live in danger  
I'd hide them from the truth

I would do anything for you  
I would do anything for you  
For your love

I would do anything for you  
I would do anything for you  
For your love

Baby don't you know  
For your love  
Baby don't you know

I'd give a lifetime  
For your love  
I'd make the stars shine  
For your love  
I'd look to heaven  
For your love

I'd wait forever

For your love

I'd be an angel

I'd move the sky for you

For your love

I'd live in danger

I'd hide them from the truth

For your love

Yeah yeah yeah

Baby for your love

Yeah yeah yeah

For your love

Yeah yeah yeah
