

# It's My Style

Cathy Dennis

Straight to the limit  
I'm flyin' in the sky  
Don't wanna lose this feeling  
Don't want calm the fire

Kepp on movin' on  
No other lover can move me  
The way that you do  
Keep on movin' on  
No other lover can thrill me  
Like you

Cos baby  
It's my style and nothing gonna changeit  
It's my style that's all I wanna say  
It's my style and nothings gonna change it  
You're the reason I can feel this way

Straight to the limit  
I'm flying in the sky  
Sensational feelings  
Nobody can deny

Keep on moving on  
No other lover can move me  
The way that you do  
Keep on moving on  
No other lover can thrill me  
Like you

Cos baby  
It's my style and nothing gonna changeit  
It's my style that's all I wanna say  
It's my style and nothings gonna change it  
You're the reason I can feel this way

It's my style and nothing gonna changeit  
It's my style that's all I wanna say  
It's my style and nothings gonna change it  
You're the reason I can feel this way

Why is it that today  
My world seems clearer  
Why is it that today  
My dreams seem nearer

Keep on moving on  
No other lover can move me  
The way that you do  
Keep on moving on  
No other lover could thrill me  
Like you

It's my style that's all I wanna say

It's my style that's all I wanna say
