

Easy

Catie Turner

My presence feels heavy
Like I'm taking too much space
Sorry if I'm greedy
And your hearts starting to race
Cause you feel so constricted
Like the air is getting pinched

Sorry if I'm overwhelming
Pushed your ribs to split

I wanna be
Easy on the eyes
Easy on the mind
Easy to keep around
And an Easy use of time
Easy on the eyes
Easy on the mind
Easy for you to need me

Conduct the conversations
Pivot focus, steal the scene
Exaggerate my cadence like a 60s tapestry
With screaming clashing colors
Church bell wanting to be heard
Prove throwing me away would be more trouble than it's worth

I wanna be
Easy on the eyes
Easy on the mind
Easy to keep around
And an easy use of time
Easy on the eyes
Easy on the mind
Easy for you to need me

Easy on the eyes
Easy on the mind
Easy to keep around
And an easy use of time
Easy on the eyes
Easy on the mind

Easy for you to need me
Who knew that it would be difficult
Borders unachievable
Never was taught how to be easy
Who knew it wasn't typical
Odds of being mystical
Never was taught how to be easy

Easy on the eyes
Easy on the mind
Easy to keep around
And an Easy use of time
Easy on the eyes
Easy on the mind
Easy for you to need me

Easy on the eyes
Easy on the mind
Easy to keep around
And an Easy use of time
Easy on the eyes
Easy on the mind
Easy for you to need me
