

Lion

Cats on Trees

You are a lion
Forever and ever
Tell me from your old tree
Did you find peace, do you pray?

No more between us
It's all on the lion
I used to believe in
In my king, my man, my life within
It was a long time ago
Long time ago
I walk alone

Forever and ever
You keep the fire
I'm a hunter
When I'm running I'm free

No more between us
It's all on the lion
I used to believe in
In my king, my man, my life within
It was a long time ago
Long time ago
It was a long time ago
Long time ago

No more between us
It's all on the lion
I used to believe in
In my king, my man, my life within
It was a long time ago
Long time ago
It was a long time ago
Long time ago
I walk alone
