

# Lost Found Love

Cats on Trees

I've been walking days and nights  
Through the flames, I see your eyes  
Bury me, you love me true  
Heaven is not for me and you  
You and I lost  
I'd rather burn you in hell, I would  
You and I lost  
Than live a life away from you

I walk in the desert  
You walk in the desert  
We're lost in the desert  
But I know the way back home to you

Lost found love  
I don't want, I don't want, I don't want to waste my time anymore  
'Cause I want you for sure  
'Cause I want you for sure

I dig deep, deep in the sand  
I wait for you, this is the end  
Bury me and love me true  
'Cause hell must be for me and you  
You and I lost  
Giant birds are in the sky  
You and I lost  
Be my love after we die

I walk in the desert  
You walk in the desert  
We're lost in the desert  
But I know the way back home to you

Lost found love  
I don't want, I don't want, I don't want to waste my time anymore  
'Cause I want you for sure  
'Cause I need you for sure

Through all the good days, hard days, everyday  
I want to live with you  
Good days, hard days, with you  
Through all the good days, hard days, everyday  
I want to live with you  
Good days, hard days, with you

Lost found love  
I don't want, I don't want, I don't want to waste my time anymore  
'Cause I want you for sure  
'Cause I need you for sure

Lost found love  
I don't want, I don't want, I don't want to waste my time anymore  
'Cause I want you for sure  
'Cause I need you for sure
