## Cautious Clay

Disrespectfully  
There's nothing special left here for me  
Could get it next day delivery  
From somebody named Natalie

A couple demons that I'm battling  
I had a dream I was a dad to be  
But they came out already mad at me  
Was the happiest tragedy

The ego is only irrelevant  
When you're not the only elephant  
That's tryna find its element

But I knew exactly what I was looking for  
Till I wasn't sure

I'm misunderstood  
I feel seen and not heard

There's green in my blood  
I feel liked but not loved

I'm misunderstood  
And the timing's no good  
For anybody cus everybody wanna be somebody else

It's easier to say that I'm anonymous  
When it feel good when I don't feel right  
No I don't want to be in your sight anymore

So I got some new shoes  
I'm running my race

A mental picture of a place that I got on my mind  
I know somebody in their prime

But change isn't really relevant  
When you're not the only elephant

That's dying in their element  
But I knew exactly what I was looking for  
Till I needed more

I'm misunderstood  
I feel seen and not heard

There's green in my blood  
I feel liked but not loved

I'm misunderstood  
And the timing's no good  
For anybody cus everybody wanna be somebody else

You wanted to show me  
But I won't let you take the time to get to know me

For anybody cus everybody wanna be somebody

You're moving in slowly

But I won't let you take the time to get to know me

For anybody cus everybody wanna be somebody

I'm misunderstood

And the timing's no good
