

## Erase

## Cautious Clay

Erase my social  
Screenshot kinda thing  
Okay, we can settle in  
FaceTime

Erase my social  
Deadpan politic  
Cut you right out of it  
Meantime

Money was good, kept the fences high  
Call it dirt cheap, this American life  
Ceiling caved through on your confidence  
Ceiling caved through, but the healing came too

So fuck a Sunday's best  
You know that I don't take your requests  
So love me till the day's done  
Memories still without

Erase my social  
Screenshot kinda thing  
Okay, we can settle in  
FaceTime

Erase my social  
Deadpan  
Politic  
Cut you right out of it  
Meantime

They were all too soft-spoken  
The prime cutlery stay frozen  
Cold brew still eyes closing  
I'm highbrow but the doors open  
2-faced but you're A1  
Steak sauce for the reruns  
Time flew so you fear fun

Erase my social  
Screenshot kinda thing  
Okay, we can settle in  
FaceTime

Erase my social  
Deadpan politic  
Cut you right out of it  
Meantime

Erase my soul
