### Cautious Clay

You don't wanna take a loss  
You just wanna keep me running  
Got me soaking up in this sermon, preach  
But showing me the ropes won't keep me learning

No, I don't wanna live just to survive  
We don't gotta do this on our own

No, I don't wanna live just to survive  
We don't gotta do this on our own

No, I don't wanna live just to survive  
We don't gotta do this on our own
