

## Glass Face

## Cautious Clay

I'd love to know  
I'd love to know  
I'd love to know  
Know you, see you for you

Know me  
See me  
For me

See right through me  
See my soul

I'd love to know you  
I'd love to know you

I'd love to know you  
And see you
