

## Ohio

### Cautious Clay

I took a stroll through the highlands  
I took a chance on the mindless  
Chasing a closed loop  
Hoping through free throws in my mind

Throwing me out  
Throwing me up  
Throwing me outta my element

Oh baby, you'll be a star  
Ohio  
Ohio

I took a stroll through the highlands  
Took a chance on the mindless  
Minding my own feet  
Hands on the steering wheel of lives

Throwing me out  
Throwing me up  
Coughing it out like it's cinnamon

But I've been on this hill before  
Ohio  
Ohio
