

## Spinner

## Cautious Clay

I just wanna spin the truth  
About the ones I care about  
All in the name of suffering  
But I'll see this through

There's a slowdown  
When nobody is around  
You can hear it for its best, but you really  
Need the worst now  
(Get it over with)

When you're living for your dreams  
Dreams  
It's never quite exactly what it seems  
On screens  
When you're living for your dreams  
Dreams  
I don't know exactly what it means to me  
Yeah

So when do you wanna give it up  
When do you wanna stop  
It's all up to you this time  
You don't gotta go anywhere  
I'm in a slowdown, and I can't hear a sound  
If you done your worst  
Then I guess I'll take your best now  
(Get it over with)

When you're living for your dreams  
Dreams  
It's never quite exactly what it seems  
On screens  
When you're living for your dreams  
Dreams  
I don't know exactly what it means to me  
Yeah
