Spreading lies, spreading gossip From your mouth, only garbage Propaganda mind control Your false world will crawl upon

Father of hate Father of lies

Illusion master, lies spreader Reality, for you don't matter You feed on hate, you feed on lies Your blank face, is your disguise

Father of hate Father of lies

You are Salieri, against Mozart From your envy, hatred grows You're a thief, you're a robber None of this, was ever yours

Father of hate Father of lies
