Cavalera Conspiracy

Scum...
Scum...
Scum...
Scum of the universe...

Drowning in blood
Drowning in pus
Suffocating dust
Embryonic crust
Contagious, infection
Malfunction, scumbroide

Scum...
Scum...
Scum...
Scum of the universe...

You are nothing
You are the void
You are emptiness
I will destroy
You are sickness
You are lost
You are dead to me
You are gone

Scum...
Scum...
Scum...
Scum of the universe...

Surgical blades are inserted
Traumatic scars are bleeding
Dangerous minds are plotting
Hostile cells are growing

Scum...
Scum...
Scum...
Scum of the universe...
