

Cave-in

Cave In

(by Codeine)

Last night I dreamt your face
The skin was falling off
The flesh was turning grey

This is a cave-in
I said I'd stay
Cave-in
Said I'd stay

Last night I had a dream
Your eyes were lit by fire
The way you tried to smile
The way you couldn't smile

This is a cave-in
I said I'd stay
Cave-in
Said I'd stay

These things take so long
So let me help it some
These things take so long
So let me help it some
