

Floating Skulls

Cave In

Smiles in the sky
Teeth and marrow fly
Hover in the blue
Watching over you

Sever from spines
Losing our minds
Never dulls
Floating skulls

Bodies on the ground
Try to keep us down
We'll just let 'em be
Headless and free

Sever from spines
Losing our minds
Never dulls

Slipping out of skin
Dancing in the wind
So it goes
Floating skulls

Slipping out of skin
Floating skulls
Dancing in the wind
Floating skulls

Hover in the blue
Watching over you
Never dulls

Slipping out of skin
Dancing in the wind
So it goes
Floating skulls

Slipping out of skin
Dancing in the wind
Floating skulls
