

# Lunar Day

**Cave In**

[Chorus]

Upwards, I go as I crowd  
It's never a challenge, I'm touching my eyes  
Surround me, I still like I need to be there  
I still like I've never been there  
Your breath, it is creeping my soul

[Chorus]

Upwards, I go as I crowd  
It's never a challenge, I'm touching my eyes  
Surround me, I still like I need to be there  
I still like I've never been there  
Your breath, it is creeping my soul
