

# New Reality

## Cave In

Granite state of shock  
See the fallen rock  
Slip off the mountain  
Face of man within

New reality (New reality)  
Never knew would be (Never knew would be)  
Dawning on me  
New reality (New reality)  
Night is moving on (Night is moving on)  
Mourning the sun

New reality  
Never knew would be  
New reality  
Dawning on me

Where red river runs  
See what one becomes  
Old man left behind  
Face of our decline

New reality (New reality)  
Never knew would be (Never knew would be)  
Dawning on me  
New reality (New reality)  
Night is moving on (Night is moving on)  
Mourning the sun

New reality  
Never knew would be  
New reality  
Dawning on me

New reality  
Never knew would be  
New reality  
Dawning on me
