

Night Crawier

Cave In

Night crawler, hell-bent descent
Red fang blood, your new best friend
Dead-eye soul, alone in my window
Dead-eye soul, comes to show me all alone

Your throne is seeped in mess
Believe or else you're dead

Night crawler stakes out our land
Amber chest poking my head
Problem solved, hope the sun don't fall
Problem solved, seen just always watch them crawl

Your throne is seeped in mess
Believe or else you're dead

Blood machine let me see your mess
Believe or else
Believe or else you're dead
