

Night Crawler

Cave In

[Verse 1]

Night crawler, hell-bent descent
Red fang blood, your new best friend
Dead-eye soul, alone in my window
Dead-eye soul, comes to show me all alone

[Chorus]

Your throne is seeped in mess
Believe or else you're dead

[Verse 2]

Night crawler stakes out our land
Amber chest poking my head
Problem solved, hope the sun don't fall
Problem solved, seen just always watch them crawl

[Chorus]

Your throne is seeped in mess
Believe or else you're dead

[Bridge]

Blood machine let me see your mess
Believe or else
Believe or else you're dead
