

# Reanimation

Cave In

Bring dead skull  
Back to life again  
Tissue forms  
Around the wounded souls  
Healing signs  
of neon spines draw the lines  
My friends  
Revival of  
Unique bone structure  
Defeated frames  
Feeling life's embrace  
many falls  
Harmonic walls  
And echo halls  
My friends  
Reanimation  
Of old/new skin  
With growing vile  
Smile at the world  
I'm in
