

Devil Town

Cavetown

Life's alright in devil town
Yeah right, no one's gonna catch us now
Dad has bought a new car now
We're fine, no one's gonna catch us now

You said something dumb again
She's mad, at least that's what they say
Mom and Daddy aren't in love
That's fine, I'll settle for two birthdays

Devil town is colder in the summertime
I'll lose my mind at least another thousand times
Hold my hand tight, we'll make it another night
I still get a little scared of something new
But I feel a little safer when I'm with you
Falling doesn't feel so bad when I know you've fallen this way too

We're all dead in devil town
That's fine, cause nothing's gonna scare us now
We're all in our dressing gowns
Mines white and stripy yours is green and brown

I forgot my name again
I think that's something worth remembering
Spiders in your favourite shoes
Just leave them be, cause they're more scared of you

Devil town is colder in the summertime
I'll lose my mind at least another thousand times
Hold my hand tight, we'll make it another night
I still get a little scared of something new
But I feel a little safer when I'm with you
Falling doesn't feel so bad when I know you've fallen this way too

It's lovely in the evening time but
Every time I close my eyes the
Sunshine gets a little dimmer
Now the clouds fall down
I sink my teeth into my fingers
Blossom swims across the river
How do you feel so proud
Every time I close my eyes
The colours fade and change inside my mouth
It's all too loud
I sink my teeth into my fingers
Blood forms branches in the water

Devil town is colder in the summertime
So I'll stay inside

Devil town is colder in the summertime
I'll lose my mind at least another thousand times
Hold my hand tight, we'll make it another night
I still get a little scared of something new
But I feel a little safer when I'm with you
Falling doesn't feel so bad when I know you've fallen this way too
