

Devil Town V.2

Cavetown

Life's alright in devil town
Yeah right, no one's gonna catch us now
Daddy's bought a new car now
We're fine, no one's gonna catch us now

We're all dead in devil town
That's fine, cause nothing's gonna scare us now
We're all in our dressing gowns
Mines white and strip yours is green and brown

I forgot my name again
I think that's something worth remembering
Spiders in your favourite shoes
Just leave them because they're more scared of you

Devil town is colder in the summer time
I'll lose my mind at least another thousand times
Hold my hand tight,
We'll make it another night

I still get a little scared of something new
But I feel a little safer when I'm with you
Falling doesn't feel so bad
When I know you've fallen this way too

Life's a treat in devil town
My ears have acclimated to the sound
Pretty faces fly around and 'round
My head as it contemplates this town I've found

It's lovely in the evening time
But every time I close my eyes
The sunshine gets a little dimmer now
The clouds fall down

I sink my teeth into my fingers
Blossom swims across the river
How
Do you feel so proud

Every time I close my eyes
The colours fade and change inside
My mouth
It's all too loud

I sink my teeth into my fingers
Blood forms branches in the water

It's lovely in the evening time
But every time I close my eyes
The sunshine gets a little dimmer now
The clouds fall down

I sink my teeth into my fingers
Blossom swims across the river
How
You feel so proud

Every time I close my eyes
The colours fade and change inside
My mouth
It's all too loud

I sink my teeth into my fingers
Blood forms branches in the water

Devil town is colder in the summer time
I'll lose my mind at least another thousand times
Hold my hand tight,
We'll make it another night

I still get a little scared of something new
But I feel a little safer when I'm with you
Falling doesn't feel so bad
When I know you've fallen this way too
