Dude Mountain

Cavetown

Skatin' round the block again, I don't really have many friends
And I'm having the time of my life
Feeling about 8 years old, don't wanna do what I'm told
I'm only here on earth for the good times, good times

I'm not really the running kind, but when I'm with these friend
s of mine
Heck yeah! I'm down to make a, make a...

Dude mountain, dude mountain, lets make a dude mountain

Check out this song I made, I made it in my room one day
Go on you try it's not that hard
See ya France and stone face, I'm already on my way
On my way down to the graveyard, graveyard

Dude mountain, dude mountain, lets make a dude mountain
