

## It's U

Cavetown

I guess it's just another one of those nights  
When I'll spend way too much time  
On something so small that no one really cares about at all  
I guess it's just another one of those thoughts  
And I can't really find a cause  
Whether it's all just in my mind or something more here in my life

It's u, it's u  
Oh god, it's u, it's u  
If you're awake then I am too  
If you're lost then I'll find you  
If you're hurt then I'll fix you  
If you go blind I'll describe the view  
If you can't feel then I'll hold you  
If you fall know I've got you

And if you fall down too far and I can't see you through these marks  
And your eyes are covered in scars, and my head's filling with tar  
Don't worry we'll find another way out

Your silhouette doesn't look quite right  
And I can never find the time  
To bury my hands in words  
I'd grow a new kind of evergreen tree, just for you and me  
On second thoughts, will you even remember me?

But it's always been u (It's always been u)  
It's always been u  
Is it me for u?
